## AMENDMENTS TO THE SPECIFICATION

Please replace the paragraph beginning at page 9, line 11 with the following paragraph:

In addition, simultaneously with the control operation in step S12, the ECU 26 25 operates the compressor 2 so that air is supplied to the cathodes of the fuel cell 1. As a result, power generation is started in each of the cells of the fuel cell 1.

Please replace the paragraph beginning at page 13, line 16 with the following paragraph:

As explained above, according to the fuel cell system of the present invention, even at starting of the fuel cell, the fuel gas can be efficiently used without being discharged to the outside, and fuel economy can be improved.
